

**PRICE LIST**  
**for paid services**  
**NCJSC «Medical University of Karaganda»**  
**for 2022 year**

<i>Dental clinic services</i>			
1	Examination and registration of the primary patient	1 procedure	1 000
2	Dentist's consultation	1 procedure	1 000
3	Consulting professor's, associate professor	1 visit	4 000
4	Repeated consultation of professor's, associate professor	1 visit	2 000
<b>Anesthesia</b>			
1	Application anesthesia	1 dose	250
2	Infiltration / conduction anesthesia	1 dose	1 000
<b>Deagnostic services</b>			
1	X-rays of teeth	1 picture	1000
2	Orthopantomography 2D-image	1 picture	2 000
3	Orthopantomography 2D image of the jaw segment	1 picture	1 000
4	TRG in lateral and frontal projection 2D image	1 picture	3 000
5	Cephallometric X-ray of 1 jaws	1 picture	5 000
6	3D computed tomography of the TMJ (1 joint)	1 picture	2 000
7	Computed 3D tomography of the segment	1 picture	3 000
8	3D computed tomography of one jaw	1 picture	4 000
9	3D computed tomography of the maxillofacial area	1 picture	10 000
<b>Physiotherapy services</b>			
1	UHF therapy	1 procedure	700
2	Root canal electrophoresis	1 procedure	700
3	Electrophoresis of the oral mucosa	1 procedure	700
4	Treatment with the "Bioptron RGO" apparatus	1 procedure	700
5	Darsonvalization	1 procedure	700
6	UV-Tube	1 procedure	700
7	Ultrasound	1 procedure	700
<b>Surgical dentistry</b>			
1	Easy tooth extraction	1 tooth	4 000
2	Tooth extraction is difficult	1 tooth	7 000
3	Operation - removal of a dystopic, impacted tooth	1 tooth	11 000
4	Removal of exostoses	1 unit	3 500
5	Hemisection	1 tooth	7 000
6	Periosteotomy (gingival incision, lavage, drainage, dressing)	1 visit	3 000
7	Relief incision	1 procedure	2 500
8	Excision of an overhanging hood	1 visit	2 500
9	Gingivotomy with open curettage	1 visit	5 000
10	Gingivectomy	1 procedure	5 000
11	Curettage of the periodontal pocket (in the area of 1-2 teeth)	1 operation	2 000

12	Flap surgery for periodontitis	1 visit	7 000
13	Operation - plastic vestibule of the oral cavity	1 procedure	10 000
14	Diathermocoagulation of the mucosa, dentogingival papilla	1 operation	2 000
15	Correction of the gingival margin with a diathermocoagulator	1 tooth	1 000
16	Suturing with primary plasty with local tissues	1 visit	3 000
17	The operation of removal of benign formations in the maxillofacial region without histological examination	1 visit	9 000
18	Operation cystectomy with resection of the root apex	1 tooth	40 000
19	Dressing	1 visit	1 000
20	Removal of sutures	1 visit	1 000
21	Splint removal	1 jaw	4 500
22	Washing the maxillary sinus	1 visit	4 000
23	Reduction of dislocation of the lower jaw	1 visit	4 000
24	Surgical observation, fracture control	1 visit	3 000
25	Treatment of alveoloneuritis	1 visit	1 500
26	Alveolectomy	1 procedure	4 000
27	Treatment of alveolitis with curettage	1 visit	3 500
28	Operation - plasticity of the orosinus message	1 operation	10 000
29	Creating access to an impacted tooth in orthodontic treatment	1 tooth	5 000
30	The operation of plastic frenulum of the tongue	1 operation	6 000
31	Tooth extraction for orthodontic purposes	1 tooth	7 000
<b>Plasma therapy</b>			
1	Blood sampling	1 procedure	500
2	Plasmolifting procedure	1 procedure	10 000
3	Plasmogel manufacturing	1 procedure	10 000
4	Plasma membrane fabrication	1 procedure	10 000
<b>Therapeutic dentistry (adult and children)</b>			
1	Treatment of uncomplicated caries with light-curing filling materials	1 tooth	10 000
2	Applying a chemical curing filling (without endodontic treatment) in case of complicated caries (pulpitis, periodontitis):	1 tooth	
	single root tooth	1 tooth	5 000
	multi-rooted tooth	1 tooth	5 500
3	Applying a light curing filling (without endodontic treatment) in case of complicated caries (pulpitis, periodontitis):		
	single root tooth	1 tooth	10 000
	multi-rooted tooth	1 tooth	12 000
4	Endodontic root canal treatment for complicated caries (pulpitis, periodontitis)	1 tooth	4 000
5	Root canal filling with calcium-containing material	1 canal	1500
6	Root canal filling	1 canal	2 500
7	Selective grinding of teeth	1 tooth	500
8	Lamination	1 tooth	6 000
9	Artistic tooth restoration	1 tooth	6 000
10	Anchor pin installation	1 pin	2 000
11	Installing a fiberglass pin	1 pin	3 000
12	Removal of the anchor pin from the root canal	1 pin	1 000

13	Removing an old filling	1 tooth	1000
14	Coating of teeth with fluoride varnishes or remineralization therapy	1 tooth	500
15	Fissure sealing:		
	GIC	1 unit	1 000
	fluid light material	1 unit	2 000
16	Treatment with the use of the device "Vector"	1 tooth	2 000
17	Treatment with the use of the device "Vector"	1 jaw	20 000
18	Removal of supragingival and subgingival plaque on the apparatus "Vector"	1 tooth	1 000
19	Removal of supragingival and subgingival dental deposits	1 tooth	500
20	Removal of supragingival and subgingival plaque with AIR FLOW	1 tooth	600
21	Professional occupational hygiene after removing the braces	1 jaw	2 500
22	Teaching the rules of rational oral hygiene	1 visit	500
23	Medical treatment of periodontal pockets	1 jaw	1000
24	Medical treatment of the oral mucosa:		
25	irrigation	1 visit	500
26	appliance	1 visit	500
27	Treatment of diseases of the oral mucosa	1 visit	1 500
28	Temporary filling	1 tooth	500
<b>Orthopedic dentistry</b>			
1	Open tray impression for implant prosthetics	1 pcs	2 000
2	Closed tray impression for implant prosthetics	1 pcs	1 800
3	Anatomical impression with alginate mass	1 pcs.	1000
4	Double impression (B - silicone mass)	1 unit	1500
5	Double impression (A - silicone mass)	1 unit	2000
6	Making an individual impression tray	1 unit	2 000
7	Crown removal	1 unit	
	stamped metal, plastic	1 unit	1 000
	solid cast, metal-ceramic	1 unit	2 000
8	Crown fixation:	1 unit	
	Using zinc-phosphate cement (foscem, viscin, unicem)	1 unit	600
	Using glass ionomer cement (Ketac molar, Fuji)	1 unit	2 500
9	Removable dentures repair	1 denture	2 500
10	Welding:		
	1 tooth, clammer	1 unit	2 500
	2 teeth, clammers and more	1 unit	3 000
11	Production of a crown stamped from steel without spraying	1 unit	6 000
12	One-piece crown, tooth	1 unit	8 000
13	Insert: one-piece cast stump, pin-stump. pin tooth, cast tooth	1 unit	6 000
14	Metal-ceramic crown (tooth)	1 unit	16 000
15	Metal composite crown	1 unit	10 000
16	Plastic crown	1 unit	8 000
17	Facets	1 unit	7 000
18	Making a clasp prosthesis	1 unit	30 000
19	Temporary crown	1 unit	4 000
20	Casting:		

	facets, cast teeth, pin teeth, stainless steel inlay	1 unit	2 000
	one-piece cast crown, cap, cermet, attachments	1 unit	2 000
	Clasp prosthesis frame on a refractory model	1 unit	12 000
21	Soldering parts	1 unit	1500
22	Production of a removable micro-prosthesis (up to 3 teeth)	1 unit	8 000
23	Complete removable lamellar dentures	1 denture	25 000
24	Relining of a removable prosthesis:	1 unit	
	hard plastic	1 unit	3 000
	soft plastic	1 unit	3 000
25	Removable partial dentures	1 denture	18 000
26	Prosthesis correction (from a third-party MO)	1 unit	1000
27	Metal-ceramic crown with screw fixation	1 unit	45 000
28	Prosthesis correction	1 unit	1 000
<b>Manufacturing of dental structures on the CAD / CAM system</b>			
1	Production of a ceramic-metal crown, tooth	1 unit	18 000
2	Making a ceramic inlay	1 unit	40 000
3	Production of a metal-free crown, a tooth in full anatomy / or applying a ceramic mass	1 unit	54 000
4	Veneer making	1 unit	56 000
5	Production of a metal-free crown, full anatomy of the tooth (CAD-CAM milled frame)	1 unit	56 000
6	Production of a metal-free crown, tooth with the application of ceramic mass (CAD-CAM milled frame)	1 unit	56 000
7	Making WaxUp (wax modeling)	1 unit	4 000
8	Production of a removable denture from plastic by casting	1 unit	30 000
9	Making a removable denture from thermoplastic mass	1 unit	60 000
10	Production of a removable micro-prosthesis from thermoplastic mass	1 unit	27 000
11	Making a clasp prosthesis Biodentaplast	1 unit	70 000
12	Production of a metal-ceramic crown, a tooth on an implant (cement-retained)	1 unit	25 000
13	Production of a metal-ceramic crown, on an implant (screw fixation)	1 unit	31 000
14	Production of a one-piece cast crown on an implant	1 unit	16 000
15	Production of a metal-free ceramic crown in full anatomy on an implant	1 unit	70 000
16	Manufacture of beams from CCA on multi-units	1 unit	14 000
17	Making temporary crowns from plastic on implants	1 unit	11 000
18	Production of individual abutments from Premils (CAD-CAM)	1 unit	30 000
19	Making a mouthguard - splint, deprogrammer, mouthguard with an inclined plane against snoring, with buxism	1 unit	19 000
20	Production of a boxing mouthguard, individual (three-layer)	1 unit	25 000
21	Printing a surgical template from an STL file	1 unit	30 000
22	Design and print a surgical guide with CT project simulation	1 unit	60 000
<b>Implantology</b>			
1	Installation of an implant from the material of the clinic	1 unit	85 000
2	Implant placement	1 unit	65 000
3	Miniscrew Installation	1 unit	10 000
4	Sinus lift surgery	1 operation	80 000

Orthodontic stomatology			
1	Installation of a bracket system on one jaw from the material of the clinic	1 unit	65 000
2	Installation of a bracket system on one jaw	1 unit	40 000
3	Myotrainer installation	1 unit	40 000
4	Bracket system correction	1 jaw.	2 500
5	Orthodontic appliance correction	1 unit	1 000
6	Retainer fixation	1 unit	10 000
7	Fixing a broken retainer	1 tooth	1 500
8	Fixing a broken bracket	1 tooth	2 500
9	Anatomical impression with alginate mass	1 unit	1 000
10	Production of an orthodontic appliance of a simple design (vestibular arch, screw, clasp (2))	1 unit	12 000
11	Manufacture of orthodontic apparatus of complex design (vestibular arch, screw, pusher, clasp (2), inclined plane, bite pad, etc.)	1 unit	16 000
12	Production of an orthodontic crown (Katz, with a hook, with a rod)	1 unit	8 000
13	Palatal plate with obturator	1 unit	9 000
14	Floating obturator	1 unit	8 000
15	Making an endosal liner	1 unit	6 000
16	Production of an orthodontic appliance with a vestibular arch, a 3-dimensional screw, a clasp (2)	1 unit	25 000
17	Derichsweiler apparatus	1 unit	35 000
18	Studying diagnostic models from parallelometry and taking an impression	1 jaw	1 500
19	Repair of a fracture of the base with self-hardening plastic, welding of a tooth, clasp, pusher, vestibular arch	1 unit	4 000

Managing director

 Z.Z. Bekturganov

Department of economics  
and finance director

 S.B. Nurmaganbetova

Chief physician of the dental  
clinic

 A.S. Kalina
